

Fun Services® wants you!!! Fun Services® wants to work with your school or organization to create an enjoyable holiday shop for students, parents, and volunteers. Our family works hard to make sure you have quality items, kid-sized pricing, and stellar customer service. We look forward to the possibility of serving you in 2023 to make your holiday shop both successful and **FUN!**

We have had so much positive feedback this year about our team and our gifts, and we are committed to make this the best experience possible for your school, value your business and will do everything we can to make your shop a success. We want to offer you the best incentives, products, and service in the industry, so if you have questions or feedback regarding our policies or are looking for a particular incentive for your school, **please** never hesitate to ask. We are happy to create a **customized incentive program** for you. We will be offering all of our schools who sign up for the 2023 holiday shop program before **October 31, 2023, 10% cash back** - the best incentive in the business!

Profit Level - When selecting a profit level, for schools and organizations in Pennsylvania or West Virginia, please keep in mind that sales tax will be due with your invoice at the end of your shop (some schools choose the 6% profit level to offset this cost).

FunTab Handheld Devices - We will continue to offer **FREE** use of our FunTab handheld devices with a cash register application (returned at the end of your shop).

No Inventory Shop - A No Inventory Shop works well for many schools. At the end of your shop, just report your money totals, return unused merchandise, and we will calculate your bill by comparing what we sent you, what was sent back to us, and your total dollar amount collected. **No counting inventory!!!**

Toys for Tots® - Fun Services will continue to partner with Toys for Tots® in 2023 and will be offering products in our gift line that, when purchased, a donation will be made to Toys for Tots®.

Credit Card Vouchers - We will be working hard this summer to streamline our Credit Card Voucher program. This program was very successful in 2022, and we anticipate even more participation for 2023. Based on feedback we have already received, we will be making upgrades and changes to make it even easier to use.

We firmly believe that we have the strongest incentives, most competitive overall pricing, new, quality core product line each year, and best technology. Fun Services® had it all! We stand behind our products and will do our best to bring excellent customer service to every interaction.

We look forward to working together with you in this year and for many years to come. We appreciate your business and commit to providing quality, kid-priced gifts for your students to purchase for their family and friends. Please do not hesitate to call us at **800-223-3877** or email us at **rteal@funservicesonline.com** with any comments or questions you may have, or visit us online at **www.funservicesonline.com**.
