# How it works

Fun Services' Holiday Gift Shop Program is designed to give students the opportunity to purchase high-quality gifts at kid-friendly prices for family and friends, all within a safe, comfortable, and friendly school environment. We are here every step of the way to make sure your students have a festive, educational shopping experience and can bring home memorable gifts for all their loved ones.

## Step 1

### Choose Your Selling Dates & Profit

- Choose the dates that work best for your school. Most successful shops run 3 to 5 days during school hours.
- Choose your profit percentage. Your school makes a profit on EVERY gift sold!
- Choose your shop type. Santa's Secret Shop® and Holiday Gift Shop® only differ in theme. Your supplies will be branded in the theme you choose. The gifts are the same for each theme.

## Step 2

### FREE Promotional Items Arrive

- Everything you need to start advertising your shop arrives. Parent letters, money envelopes, posters, etc.
- This is a great time to log into the Chairperson Portal, read the Success Manual and start decorating the room that will host the Holiday Gift Shop.

## Step 3

### Shop Inventory Arrives

- Your gifts, along with FunTabs, and gift bags are delivered.
- Your FunTabs will arrive preprogrammed with your selected markup and ready to use, allowing you to scan items with ease. Please ensure the FunTab is fully charged and that you and your volunteers are familiar with its operation prior to the start of your shop.
- Running out of items? Submit your reorder form by 3 p.m for a restock.

## Step 4

### Close Up Shop

- Pack all remaining items neatly and securely and contact us with your total box count. Once confirmed, we will either send prepaid shipping labels or arrange for one of our drivers to pick up leftover merchandise - all for FREE.
- Once you provide your money totals and we receive leftover merchandise, we will invoice you electronically.

# It's that easy.

# About Us

Remember shopping for your parents, grandparents, and siblings as a student? What fun it was to have the opportunity to pick out gifts for each of them yourself? When we became the owners of Fun Services Midatlantic in 2012, we were excited that our own school-aged children as well as so many others would experience the joy of giving to family and friends through the Fun Services' Holiday Gift Shop® and Santa's Secret Shop® programs.

When I was young, I had the opportunity to shop at the holiday shop for my parents and other family members, and it always seemed so exciting that I got to pick out my own gifts for them. I would linger and really think about each family member in order to pick something out that I knew they each would enjoy. One year, I chose a ruler for my dad, who was a businessman - it said "Dad's Ruler", and I thought he would like to have it at his desk just in case he had a measuring emergency. Of course, he loved it and still has the ruler to this day (pictured below)! When Greg and I walked into Fun Services as the owners for the first time, I sat down at the desk and opened the drawer to start cleaning things up. There was the SAME RULER! Fun Services must have provided the products for the shop I had experienced as a child - and now we were going to be able to bring the same fun and excitement to other children.

Fun Services is truly a family-owned business - we have had employees from our elementary children (now grown and in college) to our 90+ year old grandparents. We even weathered a world-wide pandemic, calling our close friends to come in and help us pack individual orders for students. It has been a great joy to get to know each chairperson and parent we have interacted with over the years! We are hands on at every level, ensuring each product, program, and interaction reflects our commitment to quality, care, and stellar customer service. It is our privilege to work with schools and communities to encourage the joy of giving in students and children!
